Model Profile Scoring Guide

What is the Actual Value of Each Model Rubric Standard toward My Score?

This form shows the value of each standard toward the 100% possible score that candidates can attain, based on the individual weights of the standards and of the domains. *Please note that some of the values are approximate due to rounding, and may not add up exactly to the total percent.*

Domain 1.0: Learner Achievement	Standard:	Value:
	1.1 Ensures learner growth	30%
	Total percent:	30%

Domain 2.0 Instruction and Support Services	Standard:	Value:
	2.1	3.6%
	2.2	6%
	2.3	4.8%
	2.4	4.8%
	2.5	3.6%
	2.6	3.6%
	2.7	3.6%
	Total percent:	30%

Domain 3.0 Developing as a Professional	Standard:	Value:
	3.1	7%
	3.2	7%
	3.3	7%
	Total percent:	20%

Domain 4.0 Leadership	Standard:	Value:
	4.1	10%
	4.2	10%
	Total percent:	20%

How is My Model Score Actually Calculated?

This sheet shows how the Model score is actually calculated, based on the varying weights of standards and the values of the domains.

1.0 Learner Achievement	Standard:	Artifacts Score:	Comments:
	1.1 Ensures learner growth	/2	
	Total Score:	/2 = ____ % x .3 =	

2.0 Instruction and Instructional Support	Standard:	Artifacts Score:	Comments:
	2.1 Plans thoroughly by creating short- and long-term plans that include…	/6	
	2.2 Delivers excellent instruction by…	/10	
	2.3 Engages learners in high-level tasks that require extended levels of thinking by…	/8	
	2.4 Demonstrates content mastery by…	/8	
	2.5 Creates a positive academic environment in which…	/6	
	2.6 Maximizes learning time by…	/6	
	2.7 Creates meaningful learning experiences for learners by…	/6	
	Total Score:	/50 = ____ % x .3 =	

> 1) This indicator is worth 6 points.

> 3) This score gets changed into a percent, and then multiplied by .3 to account for the 30% weight of the domain.

> 2) Points for the domain are totaled.

3.0 Developing as a professional	Standard:	Artifacts Score:	Comments:
	3.1 Engages in professional development	/2	
	3.2 Demonstrates academic risk taking	/2	
	3.3 Uses reflective practice	/2	
	Total Score:	/6 = _____ % x .2 =	

4.0 Leadership	Standard:	Artifacts Score:	Comments:
	4.1 Contributes to the school community	/2	
	4.2 Positively influences the practice of peers	/2	
	Total Score:	/4 = ____ % x .2 =	

Total of all Domains:	/100	Model? yes no

> 4) Points for each domain are added together at the end to determine Model status.

Candidates must attain a minimum total score of 80 to earn Model status.
